## Overview

At the Peck School of the Arts' Department of Dance, our emphasis on building meaningful relationships sets the stage for your success. Our faculty, committed staff, fellow dance artists, and the wider arts community will become your allies on this transformative journey to becoming a professional performer, choreographer, and educator. These connections are woven into the fabric of your education, equipping you with a vast network of industry professionals.

Outside of the classroom, our students are involved with the city's professional dance companies, including Danceworks Performance MKE, Ko-Thi Dance Company, Wild Space Dance Company, and project-based groups such as Hyperlocal MKE, Dawn Springer Dance Projects, and Panadanza Dance Company. Students prepare for their profession with workshops and internships with these companies as well as with MG/The Collaboratory and Bembé Drum & Dance. Faculty and students present their work annually at local, regional, and national festivals including Death's Door Dance Festival, MKE Fringe Fest, Milwaukee Film Festival, and more.

Choosing to be a part of our community means embracing more than just an education. You're joining a collective of passionate artists, dedicated to honing their craft and advancing themselves in the professional realm. And you're doing it at the right place. From our purpose-built studios to our captivating performance spaces, every facet of our department is crafted to inspire and nurture your growth.

department supports a thriving local and regional presence, while it opens avenues and opportunities for national and global perspectives. We offer undergraduate and graduate programs that emphasize artistic individuality and the development of the professional skills required for successful careers in dance performance, choreography, and education. Our innovative curriculum integrates multiple dance disciplines and somatic practices, creating a learning environment that prioritizes a balance of body and mind knowledge with informed, creative expression.

Our training environment consists of full-time faculty, lecturers, and guest artists who reflect strong beliefs in multiple points of view, a passionate commitment to individual development, and dedication to serving the versatile interests of our students. Renowned guest artists contribute to the dance department's curriculum each semester by providing students with direct experience with current and diverse global practices in the field. These programs ensure that we offer our students directed, relevant training as the foundation for successful and sustainable careers in dance and related fields.

The creative research of both the faculty and students reflects our commitment to investigate the historical and cultural relevance of contemporary and traditional world dance forms. These pursuits ensure that we examine and support the vibrancy of cultural traditions while generating new knowledge. Intertwining creativity, scholarship, and interdisciplinary dialogue, our program is dedicated to the exploration and development of somatic inquiry, technology integration, critical thought, and original choreography.
