

HONORS COLLEGE

The Honors College is open to qualified undergraduates pursuing a UWM bachelor's degree. The college offers seminars and individualized instruction in the humanities, arts, social sciences, and natural sciences. It is particularly appropriate for students who want more engaged and writing-intensive studies or who are preparing for graduate, law, medical, or professional school.

Students who complete the Honors curriculum receive the degree designations "Honors Degree" or "Honors with Distinction" on their diplomas and transcripts.

Administration

Peter Sands, Director
Laura Blaska, Associate Director

Admission

Students pursuing their first bachelor's degree can join the Honors College as freshmen, continuing, or transfer students. Freshmen are admitted based upon a holistic review of their UWM application and high school record. Freshmen are automatically considered once they have been admitted to UWM. Selected students are notified by mail.

Continuing UWM and transfer students should have a cumulative GPA equivalent to their academic standing (see Requirements (p. 1)) and have met the University English requirement by testing out of, or receiving a B- or better, in ENGLISH 102. Interested continuing and transfer students should contact the Honors College to schedule an appointment with an Honors advisor to discuss how the curriculum can be integrated into their academic plans.

Continuing in the Honors College

Honors College students must meet the following **cumulative GPA**/enrollment criteria:

- To continue in the Honors College, students must maintain the following minimum grade point averages for work done at UWM by the beginning of their year in school:
 - Freshman (after first semester) 3.0
 - Sophomore 3.3
 - Junior 3.4
 - Senior/to graduate with an Honors degree 3.5
- Students admitted as new freshmen who need to complete the University English Requirement must complete Honors 200 in the first semester following their completion of the English Requirement.
- Students who do not take Honors courses for two consecutive semesters will be considered "inactive" and dropped from the Honors College.

Students are encouraged to review the Honors College Handbook (<http://uwm.edu/honors/academics/studenthandbooks/>) for additional information.

Notification of Ineligible Students

At the end of each semester, the Honors College will review students' academic records to determine whether they meet the criteria for continuation in the program. The Honors College will notify by email (and in some cases mail) all students who fail to meet these criteria,

stating that they no longer are eligible to enroll in Honors classes. If these students already are enrolled in Honors classes for the next semester, they will be dropped administratively.

Regaining Honors College Eligibility

- Students who become ineligible by failing to maintain the minimum grade point average may apply for reinstatement if they subsequently raise their grade point average to the required level.
- Students who become ineligible after two consecutive semesters with no Honors courses may apply for reinstatement.
- In either case, students applying for reinstatement must indicate in writing how they propose to complete Honors requirements before graduation.

Course of Study

Freshmen and sophomores entering the Honors College must complete HONORS 200, earning a grade of B- or better, before taking other honors courses (except for honors calculus, which can be taken concurrently). HONORS 200 may be repeated once with a change in topic.

Code	Title	Credits
HONORS 200	Honors Seminar: The Shaping of the Modern Mind:	3
MATH 221	Honors Calculus I	5
MATH 222	Honors Calculus II	5
AFRIC 381	Honors Seminar:	3
ANTHRO 381	Honors Seminar:	3
ARTHIST 381	Honors Seminar:	3
ATM SCI 381	Honors Seminar:	3
BIO SCI 380	Honors Seminar:	3
CHEM 381	Honors Seminar:	3
COMPLIT 381	Honors Seminar:	3
ECON 381	Honors Seminar:	3

PHYSICS 381	Honors Seminar:	3
POL SCI 380	Honors Seminar:	3
SOCIOL 380	Honors Seminar:	3
URB STD 381	Honors Seminar:	3

With the exception of HONORS 200 and HONORS 380, Honors seminars are retakeable with a change in topic to a maximum of 9 credits.

HONORS 200 and HONORS 380 are retakeable once with a change in topic.

Advanced Independent Study

Independent study courses are offered through the Honors College and through academic departments across campus. Course numbers and prerequisites vary by department.

Code	Title	Credits
HONORS 685	Honors Tutorial	1-3
HONORS 686	Research in Honors	3-6
HONORS 687	Senior Honors Project *	3-6
HONORS 689	Senior Honors Thesis *	3-6

* *Students may not do both a Senior Thesis and a Senior Project.*

Graduate Courses

Students may count one graduate-level course completed with a B- or better toward the Honors College graduation requirements. This option normally is open only to seniors in the program who meet the necessary prerequisites. Permission for an Honors student to take a graduate course must be obtained from the instructor of the course, the chairperson of the department or school/college designee in which the course is taught, and the Honors College director. Additional graduate level courses may be permitted with director approval to a maximum of six credits.

Transfer Credit

A maximum of 9 Honors credits earned at other universities may be applied to the Honors College graduation requirements with the director's approval.

Alternative Honors Course Proposal

With permission from both the degree-granting college and Honors College Director, students may add an Honors component to department capstone courses or final research/project experiences. The Honors component usually consists of (1) a longer, more developed version of the assigned final paper or product; **or** (2) a reading/process journal documenting and reflecting on the coursework and its connection to the student's major and Honors program; **or** (3) additional papers or products as determined by the instructor, student, and Honors director. The objective is for the Honors student to engage in greater depth with the course content through further reflection and analysis. The credits for the department course with Honors component will count toward progress in Honors (but will not be doubled).

Honors 684: Honors Experiential Learning

Honors Experiential Learning provides students with opportunities to engage in critical and reflective experiences beyond traditional classroom settings. Whether on-campus or off-campus, these experiences—such as internships, service-learning, leadership, and entrepreneurial projects—encourage students to apply academic knowledge in real-world contexts. Through thoughtful reflection, students deepen their understanding, challenge assumptions, and cultivate personal and intellectual growth.

Study Abroad

Any university-approved study abroad program may be submitted for Honors credit consideration. Students must meet with an Honors advisor

prior to studying abroad in order to establish eligibility and arrange for Honors credit.

Graduation Requirements

An Honors College Degree requires 21 Honors credits and at least a 3.5 cumulative grade point average at graduation. All Honors credits count toward the total credits required for graduation. Students must earn a grade of B- or better to receive Honors credit for a course. At least 12 of the 21 Honors credits must be earned at UWM, with at least 9 credits in upper-level Honors seminars at UWM.

Students who plan to graduate "Honors College Degree with Distinction" need to successfully complete one of the following courses for two consecutive semesters, to a total of six credits: HONORS 686 Research in Honors, HONORS 687 Senior Honors Project, or HONORS 689 Senior Honors Thesis.

Graduating with an Honors College Degree provides convincing evidence of outstanding academic achievement, a valuable accomplishment students can note on resumes and graduate school applications. The designation of Honors College Degree or Honors College Degree with Distinction will be listed on both the diploma and final transcript.

Graduation Ceremony

The Honors College hosts a graduation ceremony each May at the Helene Zelazo Center for the Performing Arts. This event celebrates all Honors College graduates from December, May, and August. Family and friends are welcome to attend. Additional details are available on the Honors College website (<https://uwm.edu/honors/academics/graduation/>).
